

Dominic DiSanto

jdisanto@g.harvard.edu | <https://domdisanto.github.io/>

EDUCATION

Harvard University

Aug 2022 - Present

T.H. Chan School of Public Health

Doctoral Candidate in Biostatistics (*A.M. in passing*)

Dissertation: *Inferential Frameworks for Biomedical Decision Processes*

Advised by Junwei Lu and Tianxi Cai

Cognate in History & Philosophy of Science

University of Pittsburgh

Graduate School of Public Health

Aug 2019 - Dec 2020

M.Sc. in Biostatistics, Concentration in Health Data Science

Thesis: *Treelet Dimension Reduction of Diagnoses Among Intensive Care Unit Admissions*

Dietrich School of Arts & Sciences

Aug 2014 - May 2018

B.Sc. in Neuroscience

PROFESSIONAL EXPERIENCE

Statistician

June 2020 - July 2022

U.S. Department of Veterans Affairs

Pittsburgh, PA

Center for Health Equity & Research Promotion - Biostatistics & Informatics Core

Collaborated with implementation science team for a quality improvement initiative, targeting improvements in at-home care in aging veterans.

Data Science Education Consultant

May 2020 - August 2021

University of Pittsburgh, Graduate School of Pharmacy

Pittsburgh, PA

Developed open-education resources for the university's PharmacAnalytics program.

Data Analyst

April 2018 - May 2020

University of Pittsburgh, School of Medicine

Pittsburgh, PA

Statistician for studies of chronic outcomes in individuals with traumatic brain injuries.

PUBLICATIONS

1. Awan N, Kumar RG, Juengst SB, **DiSanto D.**, et al. (2025). "Development of individualized risk assessment models for predicting post-traumatic epilepsy 1 and 2 years after moderate-to-severe traumatic brain injury: A traumatic brain injury model system study." *Epilepsia*, 66: 482-498.
2. Vijapur S, Vaughan LE, **DiSanto D.**, McKernan G, Wagner AK. (2021) "Treelet Transform Analysis to Identify Clusters of Systemic Inflammatory Variance in a Population with Moderate-to-Severe Traumatic Brain Injury." *Brain, Behavior, & Immunity*, 95: 45-60.
3. Millville KM, Awan N, **DiSanto D.**, Kumar RG, Wagner AK. (2021) "Early chronic systemic inflammation and associations with cognitive performance after moderate-to-severe TBI." *Brain, Behavior, & Immunity - Health*, 11, Article 100185.
4. Awan N*, **DiSanto D.***, et al. (2020) "Evaluating the Cross-Sectional and Longitudinal Relationships Predicting Suicidal Ideation Following Traumatic Brain Injury." *The Journal of Head Trauma & Rehabilitation*, 36(1): E18-E29.
5. Kumar, R, **DiSanto, D.**, et al. (2020) "Temporal acute serum estradiol and tumor necrosis factor- α associations and risk of death after severe traumatic brain injury." *Journal of Neurotrauma*,

37(20): 2198-2210.

6. Awan N*, **DiSanto D.***, et al. (2020) "Interrelationships Between Post-TBI Employment and Substance Abuse: A Cross-lagged Structural Equation Modeling Analysis." *Archives of Physical Medicine and Rehabilitation*, 101(5): 797-806.
7. **DiSanto D.**, et al. (2019). "Employment Stability in the First 5 Years After Moderate-to-Severe Traumatic Brain Injury." *Archives of Physical Medicine and Rehabilitation*, 100(3): 412-421.

In Submission

8. **DiSanto D.**, et al. "Comparison of B-cell depletion versus natalizumab for treatment of multiple sclerosis: A semi-supervised causal analysis." [Preprint available at medRxiv](#).

In Preparation

9. **DiSanto, D.** and Lu, J. "Nonparametric, Contextual Evaluation and Optimal Assortment Selection of Decision Agents."

* denote joint first-authorship

PRESENTATIONS

1. "Expression-Aware Transformers for Serosurveillance and Candidate Peptide Generation", Joint Statistical Meetings, August 2026.
2. "Non-parametric Evaluation of Contextually Optimal Decision-Aids", Joint Statistical Meetings, August 2025.
3. "Comparison of B-cell depletion versus natalizumab for treatment of multiple sclerosis: A semi-supervised causal analysis", American Academy of Neurology Annual Meeting, April 2025.
4. "Peptide-level serosurveillance for vector-borne diseases", Harvard University Department of Biostatistics HIV Working Group, September 2024. *Lightning Talk*.
5. "Characterizing Genetic Risk Factors of Seizures Following Traumatic Brain Injury", National Neurotrauma Symposium, 2019.
6. "The interrelationship of post-TBI employment and substance abuse: a cross-lagged structural equation modeling analysis", National Neurotrauma Symposium, 2019.
7. "Employment Stability in the First 5 Years After Moderate-to-Severe Traumatic Brain Injury", University of Pittsburgh, Aging Institute Research Day, May 2017, *Top Undergraduate Submission*.

TEACHING EXPERIENCE

Teaching Fellow (Harvard University)

1. BST 244: Analysis of Failure Time Data (Spring 2027 [*upcoming*])
2. BST 230: Probability I (Fall 2025 & Fall 2026 [*upcoming*])
3. BST 222: Basics of Statistical Inference (Spring 2025)
4. BST 210: Applied Regression Analysis (Spring 2024)

Misc. Instruction & Tutoring

1. Instructor, StatStart (Summer 2026)
2. Instructor, CELEHS Data Summer Camp (Summer 2026)
3. Tutor, Department of Biostatistics PhD Qualifying Exam (Summer 2024 - Summer 2026)

HONORS & AWARDS

Certificate of Distinction in Teaching, Harvard T.H. Chan School of Public Health	Fall 2024–2025
GStat Accreditation, American Statistical Association	August 2021
Top MS Student, University of Pittsburgh Department of Biostatistics	April 2021
Representative, University of Pittsburgh Mental Health Task Force	Jan 2020–May 2020
Pennsylvania Commonwealth Equity Scholarship Recipient	Jan 2020
Elsie Hillman Fellow, University of Pittsburgh Institute of Politics	Aug 2017–Apr 2018
Browne Leadership Fellow, University of Pittsburgh School of Social Work	Jan 2016–Aug 2016
Full Tuition Merit Scholarship Recipient, University of Pittsburgh	Aug 2014–Apr 2018

SERVICE & MEMBERSHIP

Reviewer, Undergraduate Statistics Project Competition	August 2026
Reviewer, ASA Statistics Project Competition	Summer 2026
Volunteer, Data Adventure Day	Summer 2024
Member, Institute of Mathematical Statistics	Aug 2023 – Present
Member, American Statistical Association	Jan 2021 – Present

Ad-hoc reviewer: *Annals of Applied Statistics; International Conference on Machine Learning*

WORKSHOPS

Preparing to Teach Workshop, Joint Statistical Meetings	August 2026
Harnessing Real-World Data and Informatics to Advance Discovery and Care for Chronic Neurological Disorders Workshop	April 2025
Amazon Web Services Immersion Day	May 2024
VERITY Research Bioinformatics Retreat	September 2024
Scholarship Recipient, Summer Institutes in Statistics and Modeling of Infectious Diseases	July 2020
